

Everyone Health Update March 2020

STAY IN TOUCH WITH EVERYONE HEALTH

Did you know, there are **FREE** Stay In Touch telephone, video and postal services for adults living anywhere in Staffordshire?

In light of COVID-19, Staffordshire County Council have expanded Everyone Health’s offering to help reduce social isolation and loneliness. This will be offered to all adult residents living in Staffordshire aged 18 years and over who may be feeling isolated.

Programmes take place throughout the week, and include both telephone and virtual groups. This will give adults living anywhere in Staffordshire the opportunity to connect together, joining in with a range of activities and crafts, and making new friends.

Research shows that feeling lonely or isolated can be as damaging to our health as smoking 15 cigarettes a day. During these challenging times, developing new social networks is a really important and positive way to reduce your feelings of loneliness and anxiety.

Programmes include: telephone Bingo, virtual exercise, telephone book clubs, quiz and puzzle groups, food tip and recipe groups, telephone chat groups and poetry groups. Some groups are ran as virtual dial-in groups – a great way of seeing new faces! We are also running a closed Facebook group for members of our Stay at Home groups.

If you don’t have easy access to the internet – fear not! We also offer a postal programme. Following a short telephone call, we’ll arrange to send you weekly puzzles and crafts to help pass the time during these challenging times.

As part of the Everyone Health programme, a one to one phone call will be arranged to discuss the groups available and also give you the opportunity to raise any questions or queries you may have about joining our programme. The groups are completely free and any necessary resources will be posted out free of charge*.
